OCTOBER 2014

NEXT MEETING OCT 9th

Presidents Corner: Hello Cruisers, it was a busy month!!!! I didn't make last meeting, no secretary to take notes, so I'm just going to wing it. Hope I don't get too lost.

There were 31 members at our last meeting and Bobby signed them all up to work our car show. The show was great and it's because everyone that showed up worked together to make it great. Thanks to everyone, especially Bobby, for giving your best effort. Also thanks to Bob Trail and Mike Roberson for updating the web site and facebook with the show pictures. They keep our club info out there for all to see.

We received a thank you card from NHC, for doing a show for the residents. We've been asked to do a show for the residents of **Windsor Manor in Silver, October 31st**. Bobby mentioned this at the last meeting, do we have members interested in doing this?

We've also been invited back to Manning to do the **Striped Bass Festival Car Show, April 25, 2015**. Do we want to accept this offer and do another show?

Don't forget, our **last cruise-in** for the year is **Oct 25th**.

I've sent out flyers and notes about several shows and cruise-ins coming up. Hope this helps you pick out something to do over the next few weekends.

We have officers elections coming up in November. Do we want to have a nominating committee? Maybe the real questions are; "Do we want to continue on with the club the way it is?" "What do we want to keep and what do we want to change about the club?"

Don't forget, this is "**your**" club, if there is something on your mind, bring it up to the club and let's talk about it. The only bad question is the one never asked, the only bad suggestion is the one you never make.

QUOTE: "If you don't go after what you want, you'll never have it.

If you don't ask, the answer is always no.

If you don't step forward, you're always in the same place."

We have a lot of members with health problems, keep them in your prayers.

Hope to see you all at Logan's, Thursday, Oct 9th, for our meeting.

David
